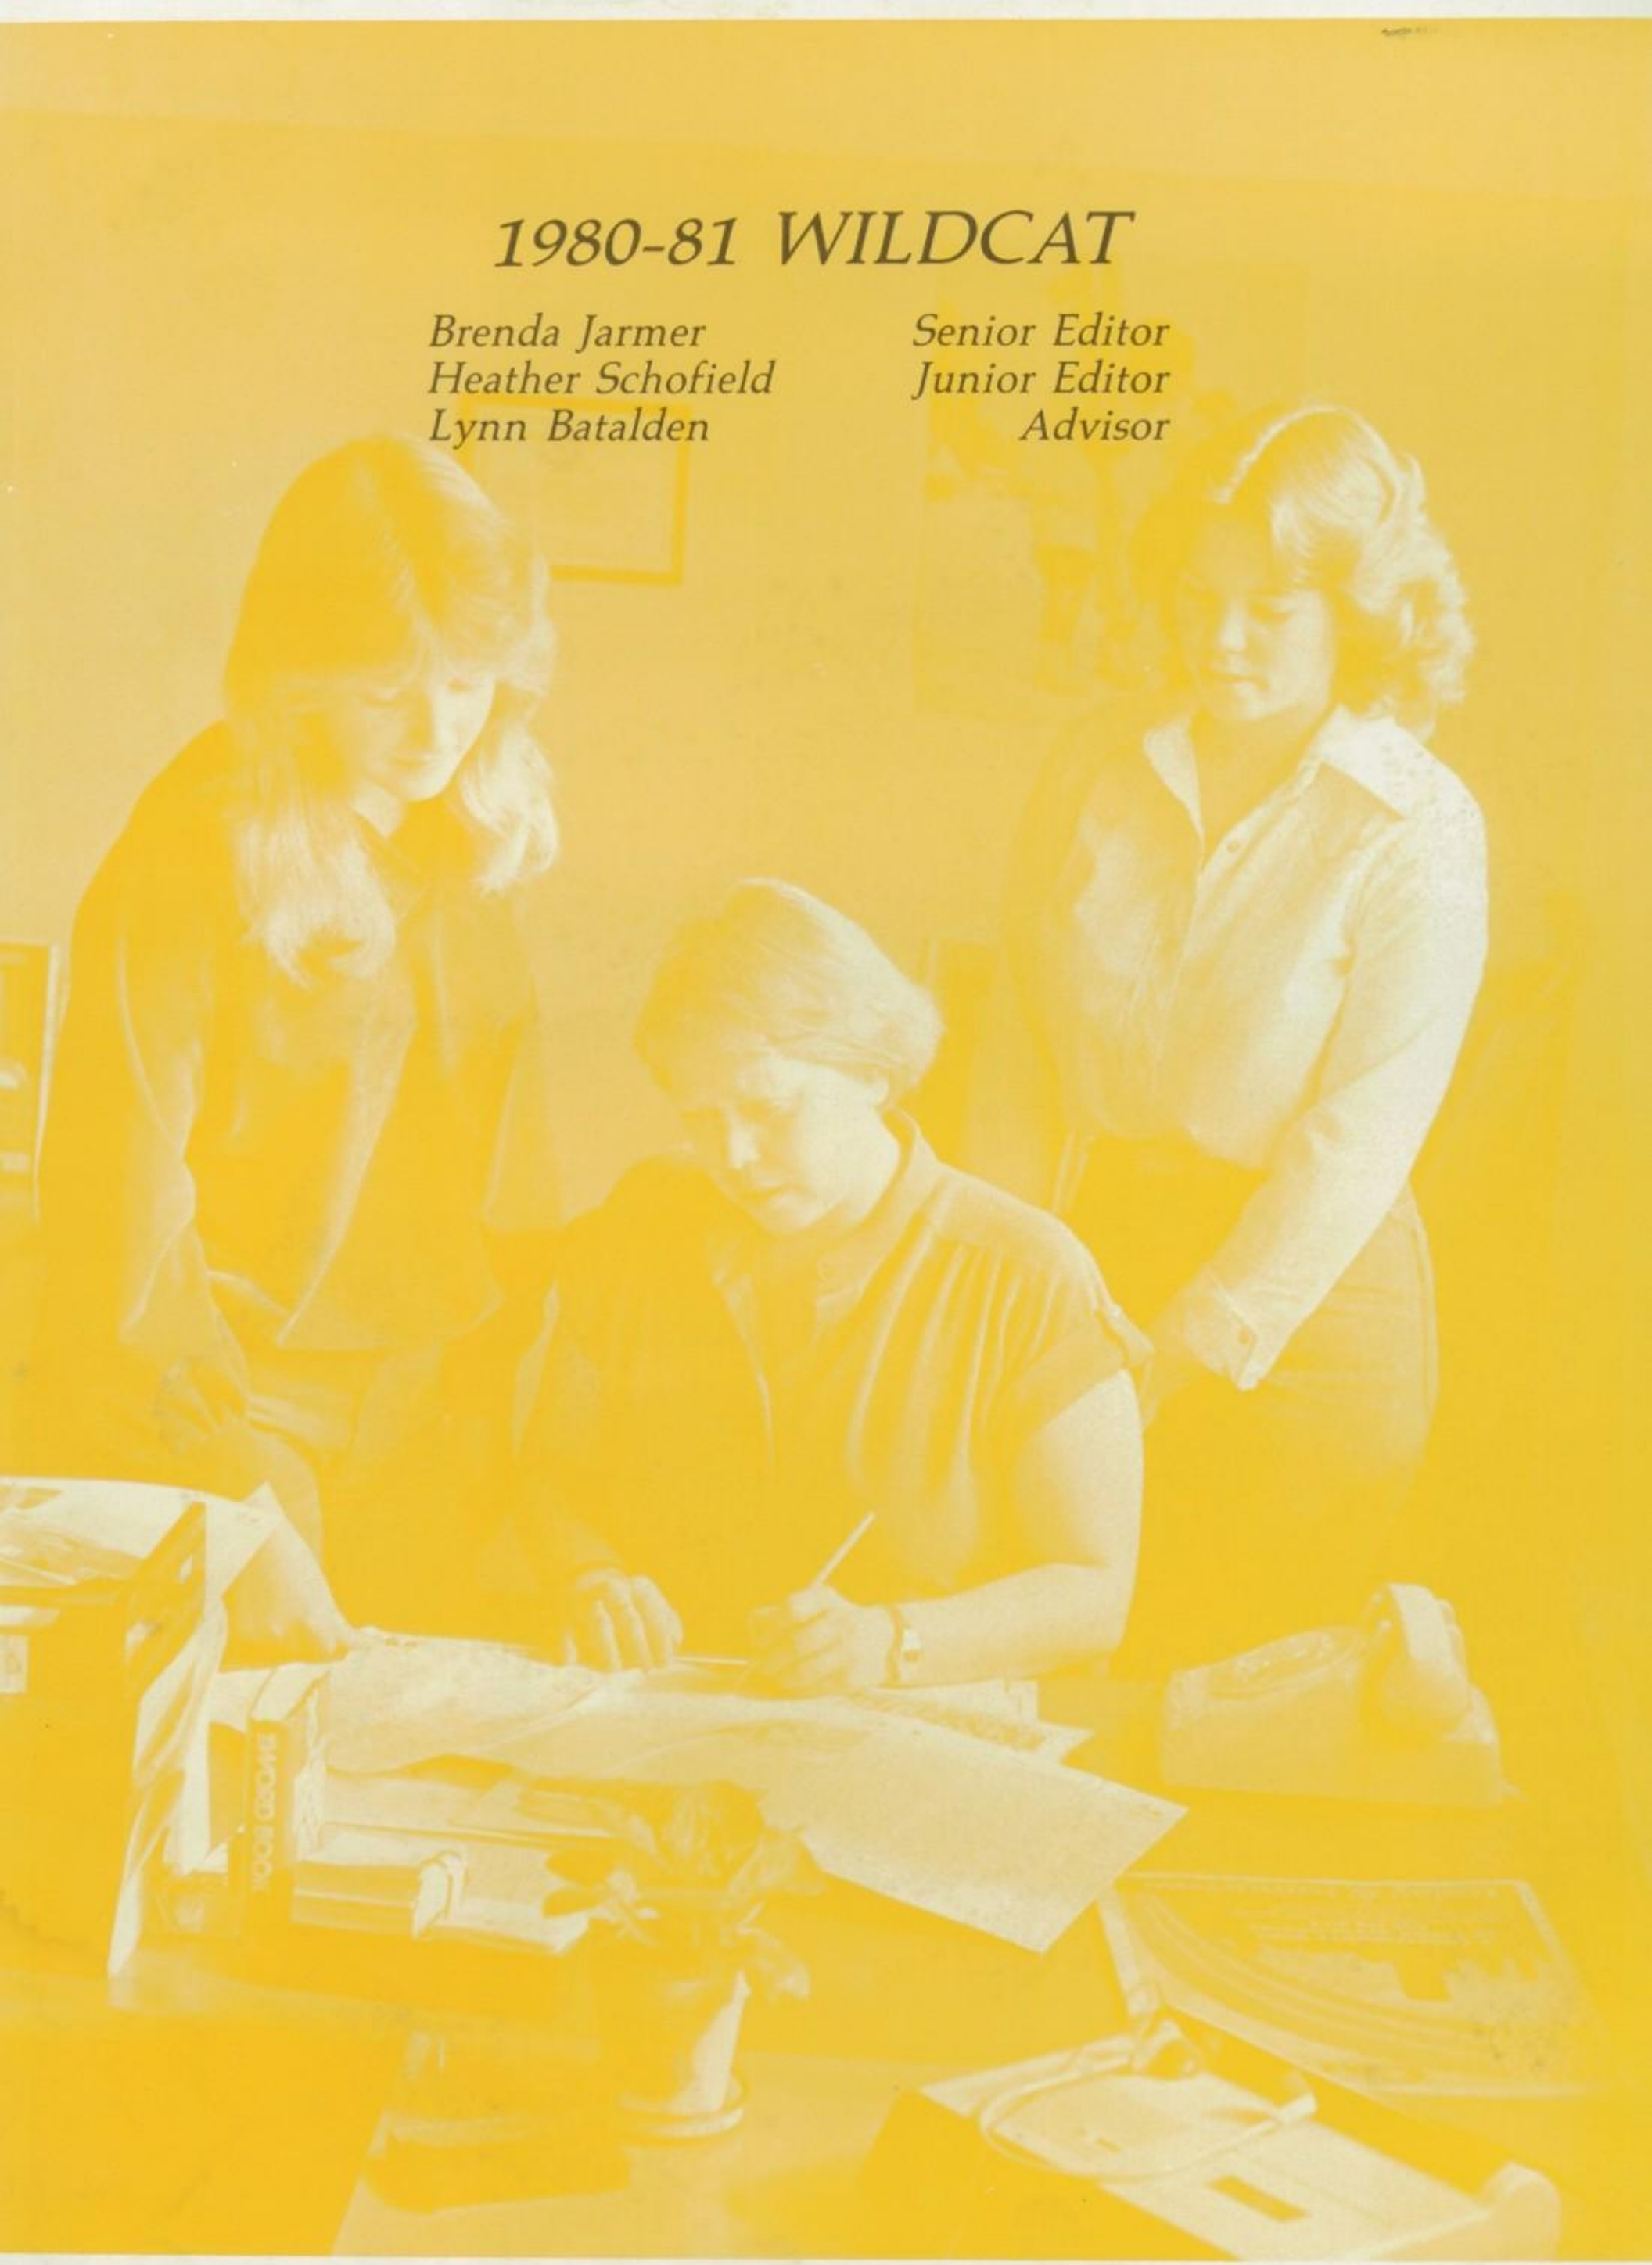
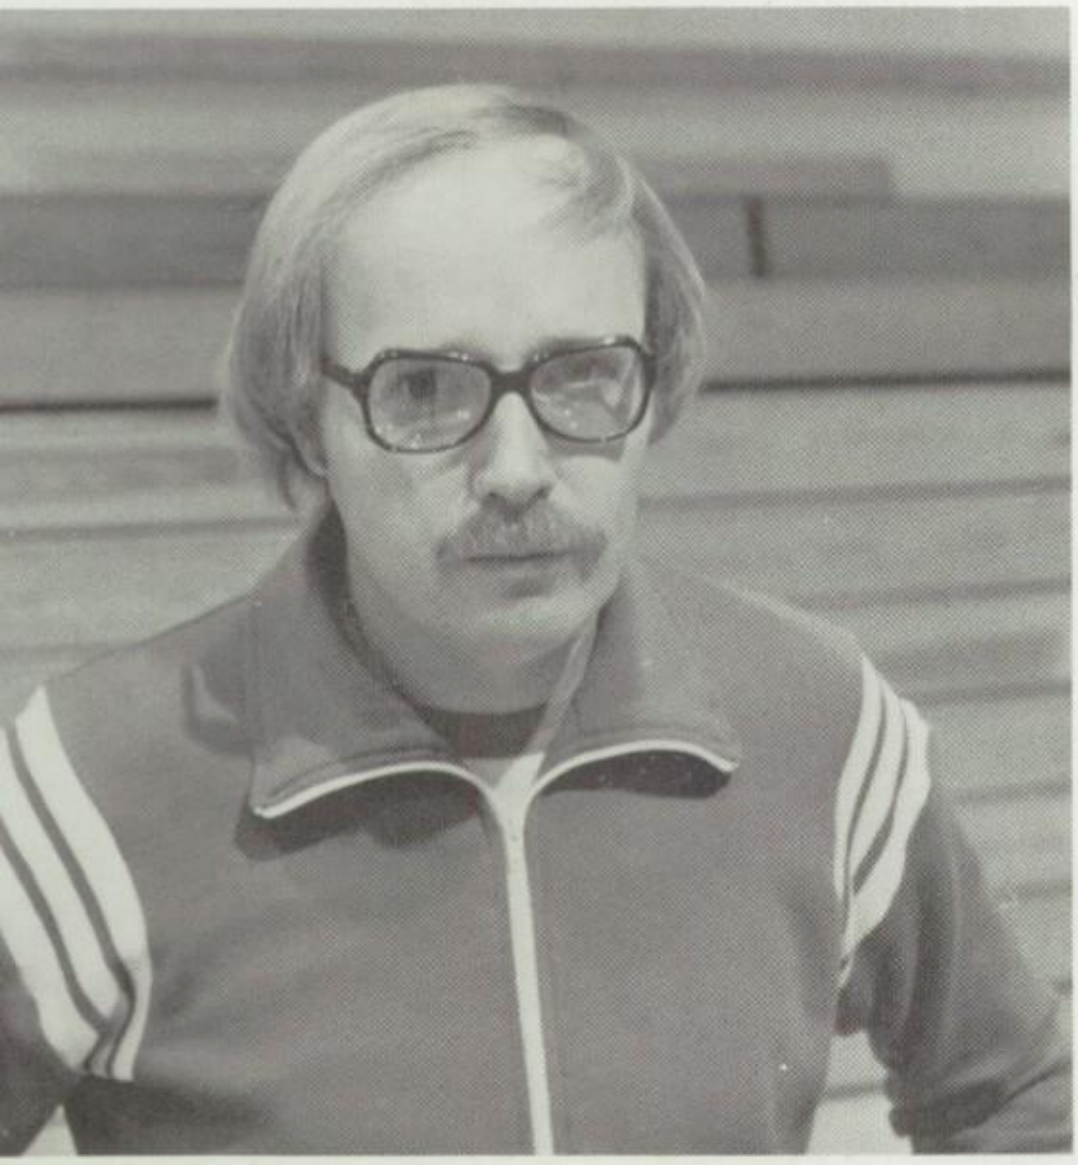
KICKOFF TO THE EIGHTIES

1980-81 WILDCAT

Brenda Jarmer — *Senior Editor*
Heather Schofield — *Junior Editor*
Lynn Batalden — *Advisor*



We, the graduating class of 1981, would like to dedicate our yearbook to two very thoughtful, understanding people.



To Mr. White (better known as "Coach") we would just like to say "thanks" for the two years we have been able to play football with you. We will always remember the long hours of practice we had, but we'll also remember deep down inside, that it was for our benefit not yours. Your help and guidance for wrestling and track was also greatly appreciated. You were always there when we needed you and had encouraging words for us. We will always remember you as being a good friend, Coach.

To Miss Batalden (more commonly known as "Miss Bee") we would like to say thanks for being a special person and good friend to each of us. You have spent many hours working with us and helping to create our treasured yearbooks. But through everything, you were never without a smile or kind word to brighten our day. For everything you have given us, we thank you.

To these two very special people, we would like to express our deepest gratitude and appreciation. For all the patience you have shown, for caring . . . and for being our friends — we say thanks. You have helped to shape our lives and we will remember you forever.

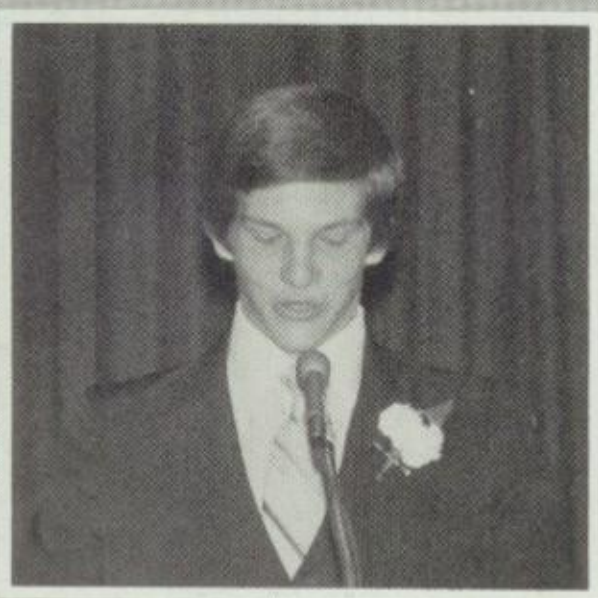
Pep talks by Co-Captains Gary Rupp and David Mischke



September 15-19, 1980, was Homecoming Week. Coronation, which was held at 8:00 p.m. Monday evening, began the festivities. Because of rain the bonfire had to be cancelled, but not even this could dampen everyone's spirit. The various dress-up days all week long were a chance for everyone to relax and be wild and crazy. On Friday afternoon the downtown pep rally was held. The winners of the many different contests were announced. Friday evening the Wildcats defeated the Sanborn Panthers, 20.8. A dance at the Legion Hall after the game concluded the week's activities. "Cloudburst" provided the music.

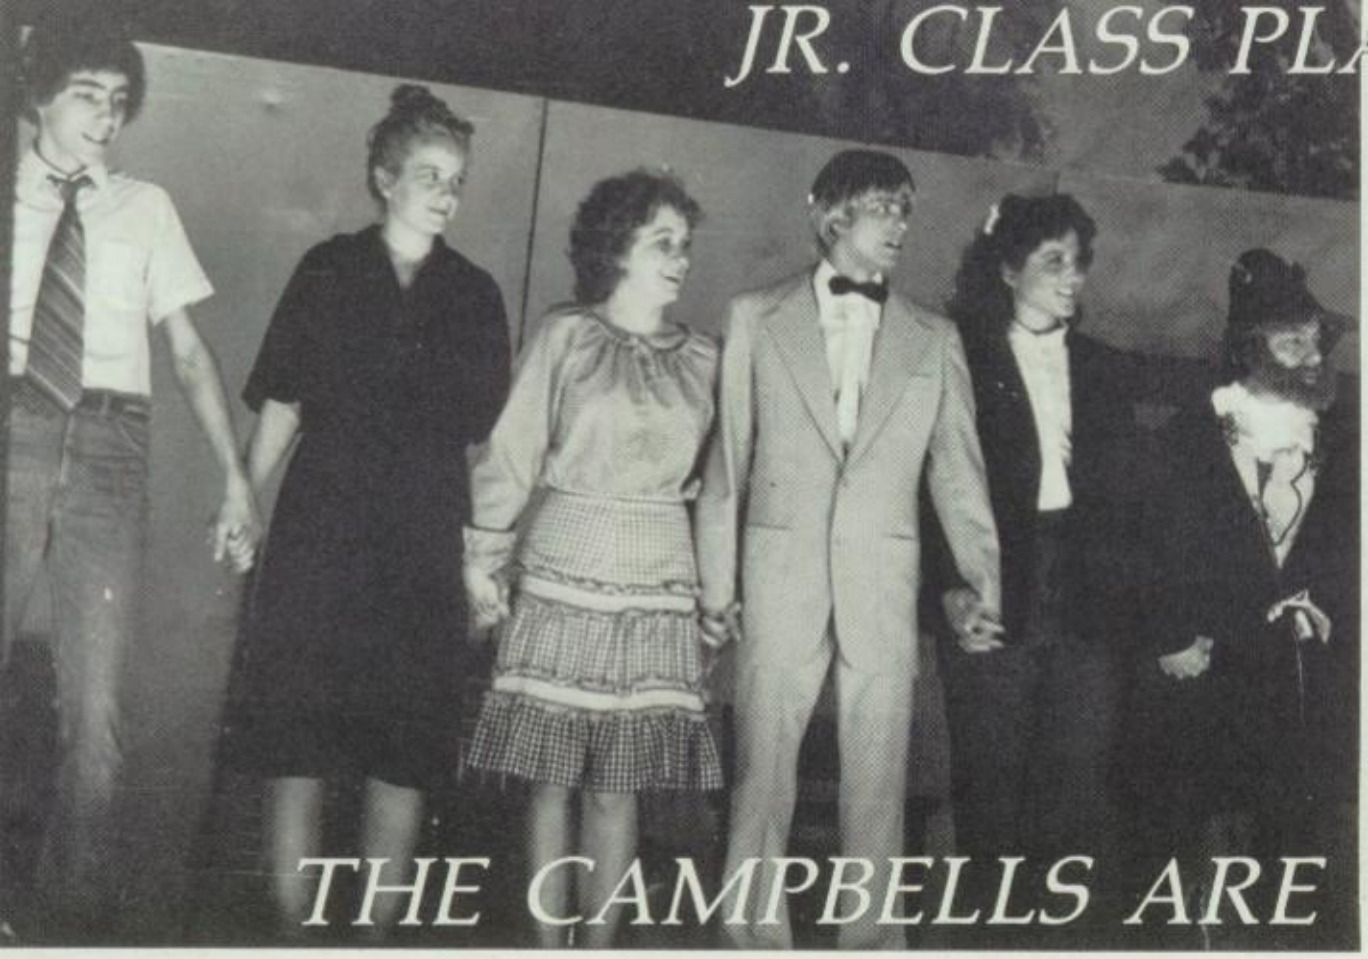
JR. CLASS PLAY



THE CAMPBELLS ARE COMING!

Upon arriving home after attending nine months of high-class mannerisms at Ogden Heights College, we find that Kay Brannigan is no longer the vulnerable, innocent, country girl she once was. After meeting up with Kingston Campbell and his mother Augusta, she has turned into a highclass snob herself. She no longer remains close to her family and friends back in the Ozarks. Nor does she remain loyal to her country fiance Jeff Scudder, but has thrown him over for Kingston. So to prevent Kay from ruining her life with snobbishness, Ma Branningan and her cohorts put on a hilarious cherade because . . . the Campbells are coming!!!!

The cast was as follows: Dick Brannigan-Mark Peterson; Ma Brannigan-Heather Schofield; Betty Brannigan-Rhonda Nelsen; Cyrus Scudder-Bruce Kelm; Kaye Brannigan-Ann Rachuy; Bildad Tapp-Terry Ewy; Catalpa Tapp-Jodi Bernardson; Kingston Campbell-Lee Erickson; Mrs. Augusta Campbell-Kelly Bakken; Jeff Scudder-Bob Peterson and Camellia the Chicken.

G'day! I'd like to tell you a bit about my year in Australia as an international exchange student. I left on Jan. 20, 1980, prepared for a 20 hour plane flight and eleven months in a foreign country. Was I scared? Not a bit, but I was very excited!

So many people asked me, why do you want to leave for a year, and why did you choose Australia? I guess the desire to travel is just an inbuilt trait and Australia—well, who could resist sun an' fun, and friendly people?

I spent the year in Terang, Victoria, pop. 2100. My YFU host family consists of Trevor, who is a geography teacher; Heather, who is a homemaker; Narelle, age 4; and Merran, age 1. They were a fantastic family who did so much for me and made my year the best.

I attended Terang High School and was a member of the Form V class. The high school was known for its high academic standard and the teachers were very good. School was from 9:00-3:45, and we were all required to wear a school uniform every day. The kids in my class were great, very friendly, and I became attached to them all. Many of them were very hard to leave.

I did a lot of traveling and got to see quite a lot of Australia—all the way from Central Australia's desert to the most southern city, Hobart, on Australia's island state, to Sydney, on the east coast.

The teenagers there are just like in the U.S. We went to movies, discos, swimming at the beach, shopping, to the "footy" (football) played sports, we always had a great time!

One of my most exciting nights was participating in the Debute Ball. This is a traditional dance, originally a girls first night out. All the girls wore white long dresses, and the boys, blue tux's. We were then presented to the community.

One highlight was when my parents traveled to Australia to visit me. It meant so much that they would travel half way around the world to see me.

I can't write all of my experiences from a whole year, but I can tell you that the things I experienced, the people I met, the memories and the friends that I've made will never be forgotten. I love Australia and hope to visit back there soon.

I would encourage anyone to be an exchange student because "fairdinkum mate, it's the bloody best experience you'll every have!"

Cheerio,
Joan Vosberg

MARJA HAAPASAARI, FINLAND

On August 4th, 1980, when I first came to Westbrook, I discovered a somewhat clear fact right away: I had not arrived to New York City. But the fantastic (funtastic, too!) year I lived here proved to me that Westbrook City with its wonderful people-you- is Great, with big "G", and was the best possible place for me to spend my year.

W.H.S. was my seventh school and seven has always been my lucky number. My crazy senior year in American High School will always stay in my memories. If I didn't learn anything else, it sure did teach me one thing: school can be fun!

Coming over was one of the biggest decisions I've ever made and it turned out to be the best—thanks to all of you!

25. luokkakokous on varattu suomeen! (25th class reunion is to be held in Finland!)

BRUNO FERRAZ, SAO PAULO, BRAZIL

I grew up in a big city, completely different from Westbrook. In Sao Paulo live 12.5 million people and the city is very active.

My father is the sales director of a steel industry and my mother is a doctoress. I have a sister eight years old.

In every Brazilian school each student is required to take all the subjects that the school offers. My school day begins at 7 a.m. and ends at 12:45 p.m. Some days we have classes or exams in the afternoon and classes on Saturdays.

With my host family, the Vosbergs, I had the opportunity to know a lot of places of the U.S.A. I like very much the U.S. The region of Westbrook is a beautiful place and its people are very nice! It is really very good to live in another country, know other people and make good friends!

Venha ao Brazile descubiza o "jeito Brasileiro!" (Come to Brazil and discover the "Brazilian way!")

MONICA BARRETO, BRAZIL

Il like it here very much. I have never lived on a farm before, but I like this very much. The size of the school has made it easy to get to know all of the people in my class.

I have made many friends here, I hope!

I'll never forget the Ernest Cohrs family because they are very special to me.

Eu espero aue a experiencia que ui obtiver aqui, seja realmente valida, porque alem de aprender ingles, eu posso dizer que por seis meses, fiz parte da vida Americana. "Obrigada, Senhor e Senhora Barreto." (I hope that my 6 months experience in America will help me in my future life. "Thank you for Mr. and Mrs. Barreto.")

LINDA DEROECK, BELGIUM

Hi! It was really great to stay in the U.S.! I love WHS and Vosbergs alot. I am really amazed how nice people are and how easy you get to know them.

I am from Sint-Katelijne-Waver, Belgium, which is a town next to a big city. Living on a farm is quite a change for me, but I love it.

Of course, the school is much different, too—more fun, less studying and of course going to a coed school is way different than going to an all girls school. We had to wear uniforms, go to school 'till 5 o'clock (except for Wednesdays-'til 12) and study alot. I went to a Catholic school and had 20 classes.

At home I have one sister of 17 and one brother of 20. My dad is a technical employer and my mom is a housewife.

I'm sure I'll never forget my friends, teachers, and family here. I would like to encourage all students who are interested in living for 2 months or a year in a foreign country to do so. You learn alot about yourself, the country, and about life in general.

Ze zullen hem niet temmen, de fiere Vlaamse leeuw! (This is the main sentence of the Flemish anthem. The Flemish people are the people who speak Dutch in Belgium. They are very proud of being Flemish more than being Belgian because that includes the Walloons, the people who speak French. The sentence says: They won't tame it, the proud Flemish lion.)

CHARLOTTE QVIST, DENMARK

One of the greatest days in my life was when I arrived to Westbrook the 16th of July 1980. After a long trip, where I missed a plane in Detroit, I finally made it to Sioux Falls where Barb and David were waiting for me. It was just super! They had to explain every other word for me and I would go, "Yes, yes" pretending that I at least understood a little bit.

There is a lot of difference between Denmark and U.S.A.; one of them is the school system. In Denmark I have about 2 hours homework every day and here you don't have quite as much, which I think is O.K., because it allows you to participate in sports.

People have asked me if I already graduated in Denmark, but the fact is that I have 2 years left of school, because this year in U.S. doesn't count. But it doesn't really matter; I will never regret the decision I took when I signed my application papers, because this year has been great, unique—but only because of you.

Thanks everybody!

Immortal love, for ever full,
For ever flowing free,
For ever shared, for ever whole,
A never ebbing sea.
